

men'u

We deserve arrays •
10.11.2021 • Milestone 2

Requirements:

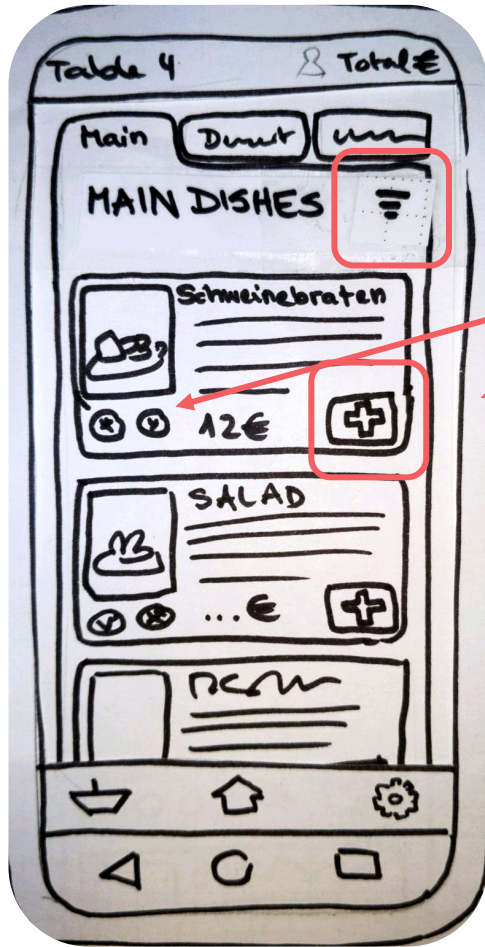

- Main functions accessible with one click
- Current status visible at all times

Design principles:

- Aesthetic and minimalist design
- User control and freedom
- Consistency and standards

Heuristic evaluation:

- Better "button" indication
- Indication of order size
- Text below icons

Requirements:

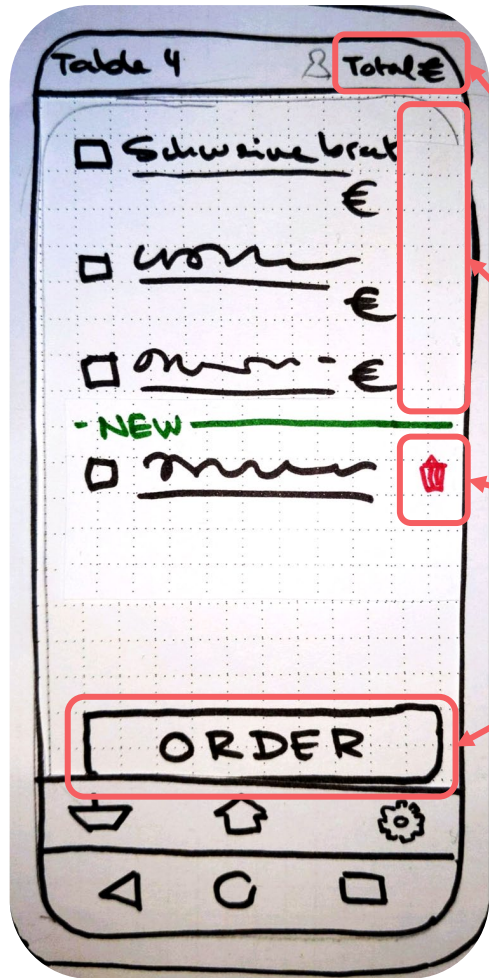

- Check for dietary needs
- User can order within 15 seconds

Design principles:

- Flexibility and Efficiency of use
- Visibility of system status

Heuristic evaluation:

- Missing headline
- How can hidden menus be displayed, when ordering for other people?

Requirements:

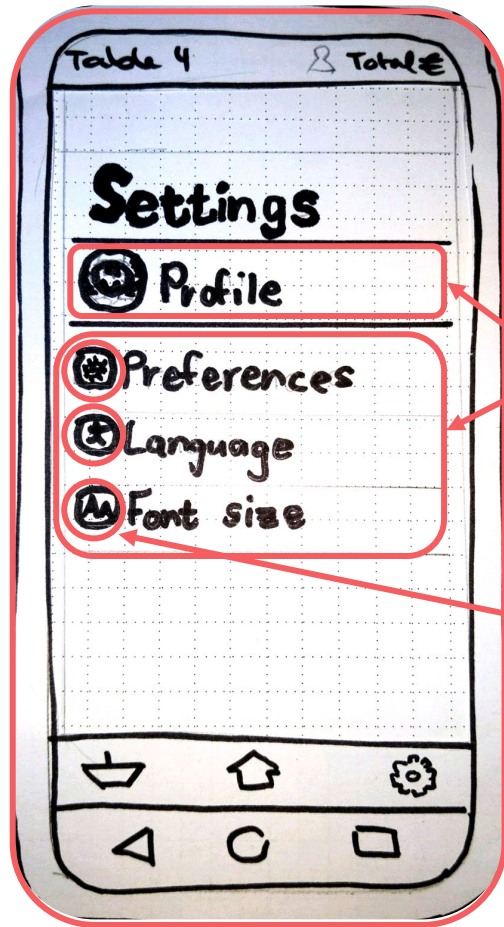

- View total costs along with a list of ordered and not yet ordered items
- Order food more than once in a single sitting

Design principles:

- Visibility of system status
- User control and freedom
- Error prevention

Heuristic evaluation:

- Confirmation and Success Pop-Up
- Access dish detail view

Requirements:

- Access and change in-app preferences, languages, and font size
- Accessible to and accommodate all types of users.

Design principles:

- Aesthetic and Minimalist design
- User control and freedom

Heuristic evaluation:

- Remove the "Profile" customization from our app.
- Icons used in the settings window are not necessary
- Links to other pages like About us, Help or Tutorials might be of help for the user.
