

men'u

We deserve arrays •
15.12.2021 • Milestone 3

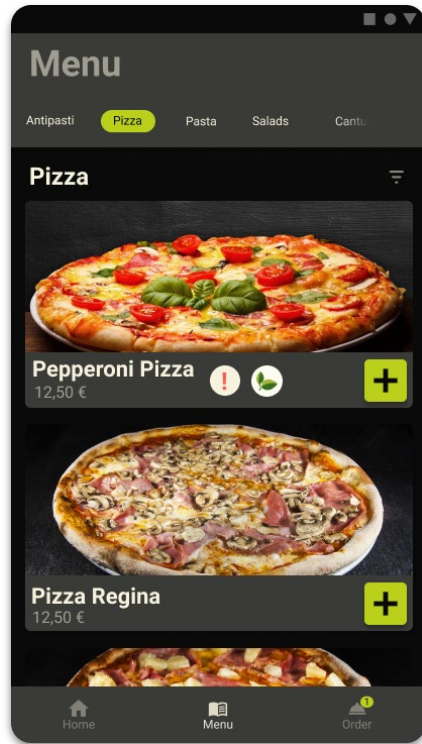

Framework 7:

- After initial orientation relatively easy to use
- Many pre-built components
- Most components work for Android and iPhone

Me'N'U App:

- Designed according to Material Design
- Modular build
- Responsive design

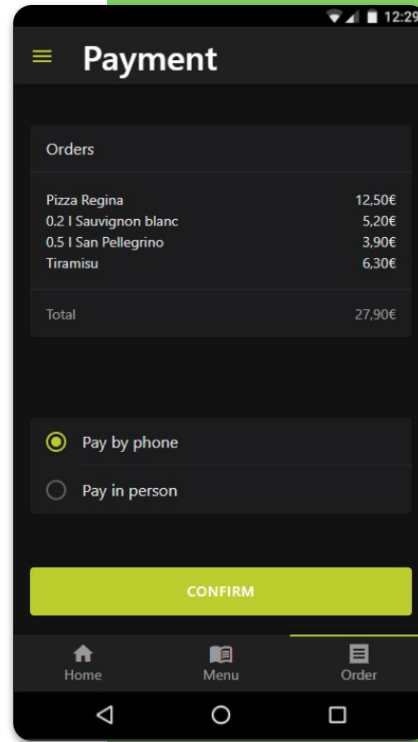

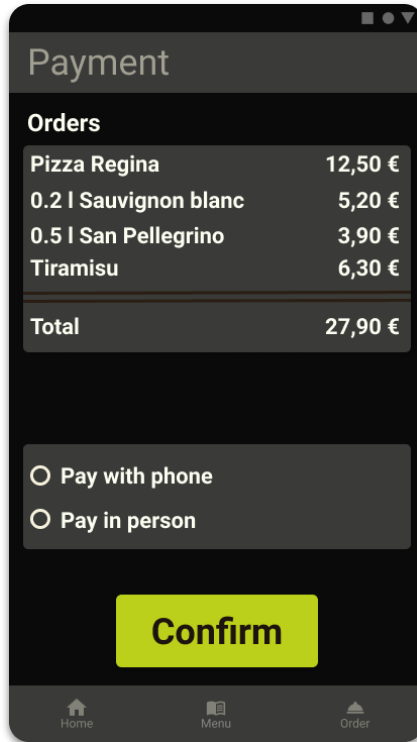

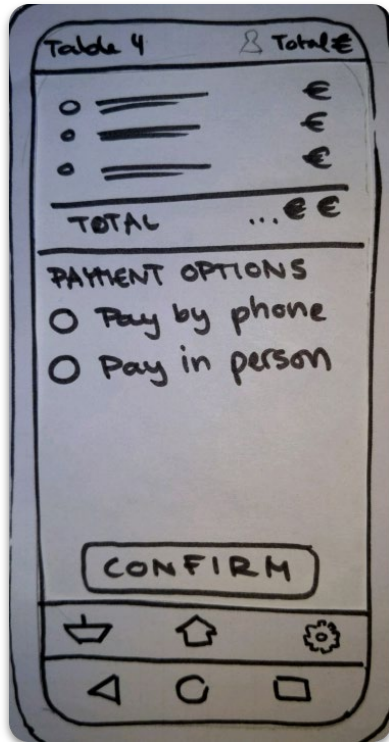

Styled Prototype

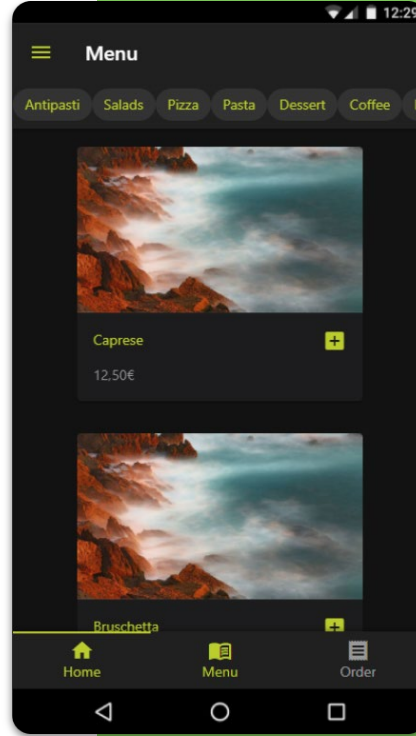

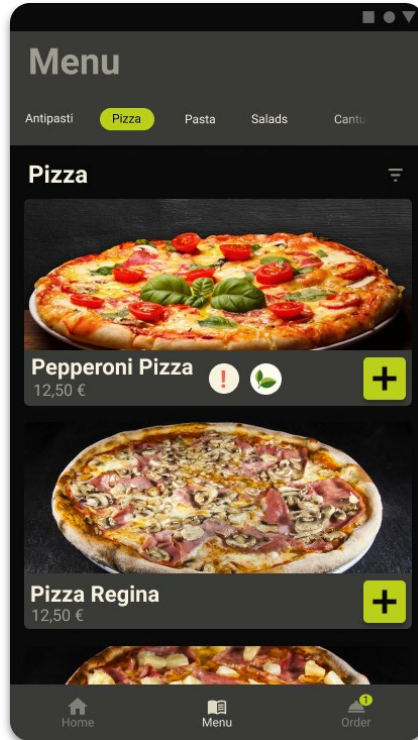

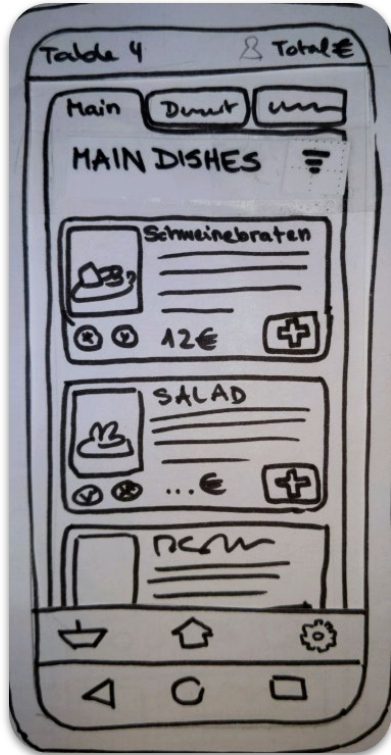

- Figma
- Colors, Adobe Color wheel

Me'N'U App:

- Food generated color schemes
- Dark ui
- Primary Colour + Framework7 preset dark mode

Prototype Live Demo

Qualitative Evaluation

Three-step approach:

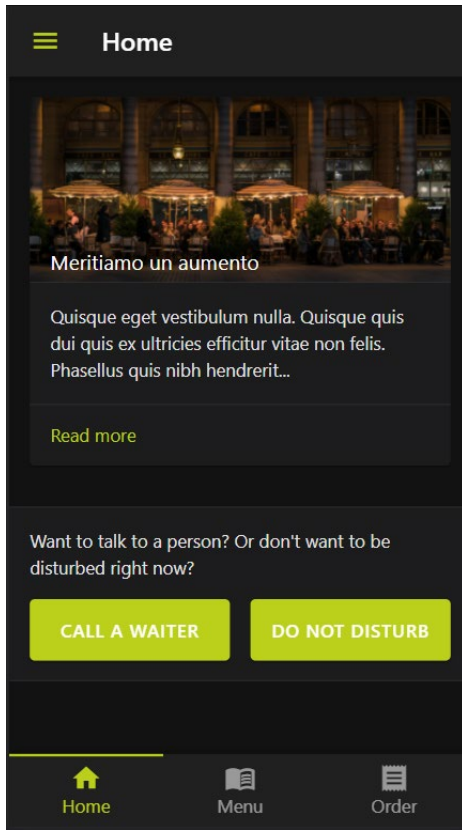

1. First Glance Testing
2. Scenario and User Tasks combined with additional questions
3. Holistic Experience

User Tasks:

- Getting Started
- editing Preferences
- Customise food
- Call a waiter
- Past and new orders
- Order and pay
- Do not disturb
- Check Out

Subjects:

- 4 participants
- 1 female, 3 male
- aged between 22 and 27
- Prototype provided on mobile phone (2) or computer (2)

Results:

- confirmations/feedback after actions
- fixing up the Getting Started sequence
- Past Orders
